The Riverview Corridor is a transitway corridor extending from Union Depot in downtown St. Paul to Minneapolis-St. Paul International Airport and the Mall of America. A Pre-Project Development (PPD) Study is being conducted and builds on previous studies. The new study is focused on identifying opportunities to improve mobility and enhance economic development within the Riverview Corridor. This study will select a locally preferred alternative for the corridor that will advance into a more detailed study. The PPD study is a joint local and regional planning effort led by the Ramsey County Regional Railroad Authority.
