

2018 BOMA Market Report

Greater Saint Paul BOMA

Total Universe/Historic Comparison

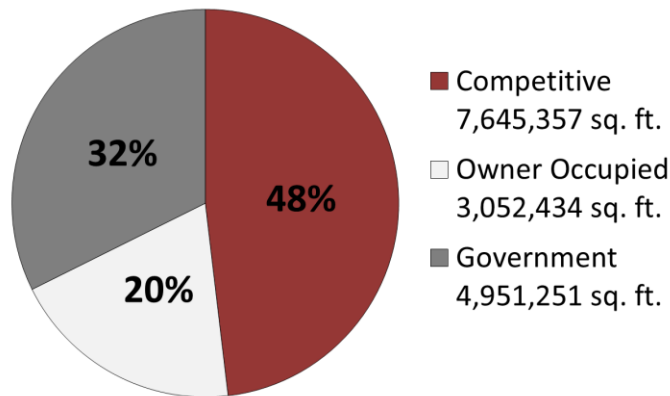

The Total Universe of office space in the Saint Paul Central Business District is 15,649,042 square feet. This total is divided among Competitive, Owner-occupied and Government space. The Total Universe Historical Comparison provides a valuable long term perspective on market trends within these three categories in downtown Saint Paul. In reviewing the current data, several trends are noteworthy.

- Owner-occupied space, as a percentage of the Total Universe, is unchanged.
- Government space, as a percentage of the Total Universe, is unchanged.
- Competitive space, as a percentage of the Total Universe, is unchanged.
- The total square feet is trending downward.

The most significant changes in the Total Universe were:

- The removal of Park Square Court Building (-129,321 sf)
- The removal of the City Hall Annex (-85,384 sf)
- The removal of the Capital Professional Office Building (-34,320 sf)
- The addition of The 428 (+63,025 sf)
- Conversion of office space to residential in FNBB (-175,000 sf)

2018 Total Universe

Competitive Occupancy and Vacancy

The Saint Paul CBD consists of 7,645,357 square feet of Competitive office space. For the purposes of comparison, this office space is grouped into three classes, A, B & C. These classes represent a subjective quality rating of buildings which indicates the competitive ability of each building to attract similar types of tenants. A combination of factors including rent, building finishes, system standards and efficiency, building amenities, location/accessibility and market perception are used as relative measures.

Class A

Most prestigious buildings competing for premier office users with rents above average for the area. Buildings have high quality standard finishes, state of the art systems, exceptional accessibility and a definite market presence.

Class B

Buildings competing for a wide range of users with rents in the average range for the area. Building finishes are fair to good for the area. Building finishes are fair to good for the area and systems are adequate, but the building does not compete with Class A at the same price.

Class C

Buildings competing for tenants requiring functional space at rents below the average for the area.

The overall vacancy rate for Competitive office space in the Saint Paul CBD is 19.10% (1,458,167 square feet), a decrease from 20.80% (1,650,173 square feet) in 2017. Vacancy is lowest in Class A space (17.70%) and highest in Class C space (20.90%).

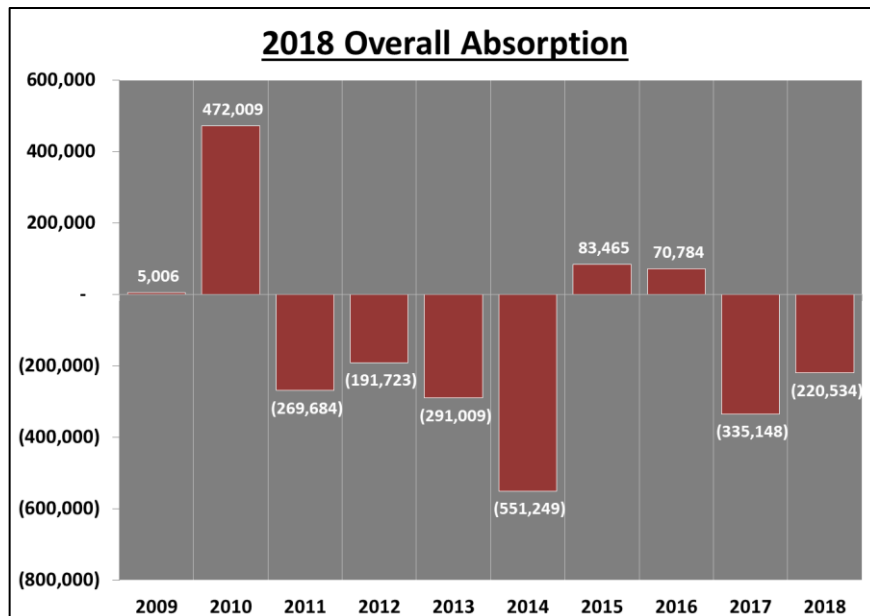

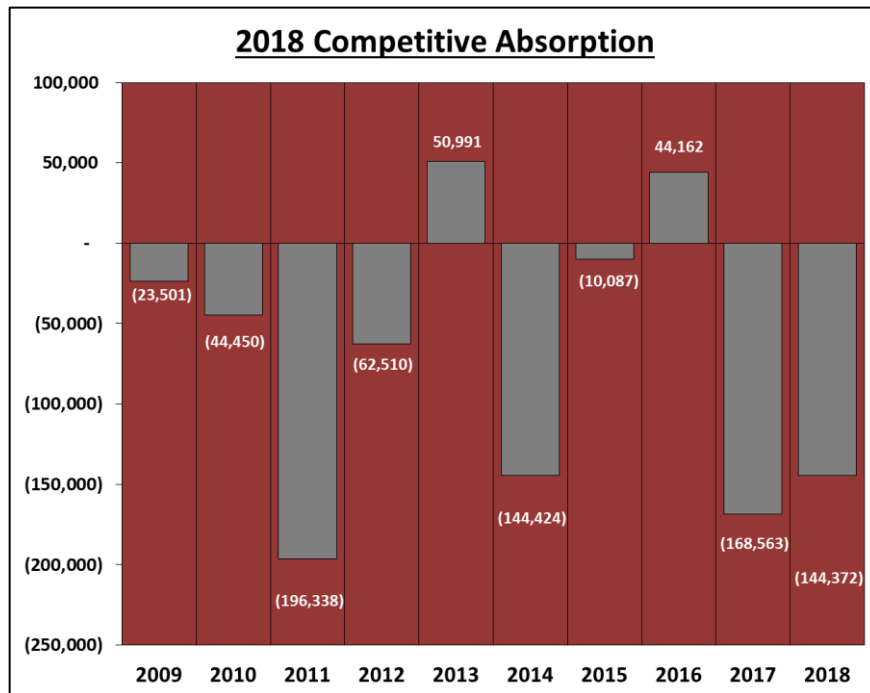

Competitive Vacancy Trends

The overall Competitive vacancy rate moved lower from 2017 to 2018, due to some transition and consolidation in the market. The vacancy trend for Individual classes (A, B & C) varies. A and C moved higher, while B decreased.

Absorption

Absorption is a measurement of the increase or decrease in occupied office space that occurs during a given period of time. Absorption in downtown Saint Paul's Competitive office space from 2017 to 2018 is -144,372 square feet. Overall absorption is -220,534. In general, the reasons for positive absorption include changes in occupancy, building reclassification, building remeasurement, and adjustments in square footage being offered for lease. Absorption figures are negatively impacted when buildings are removed from the total universe. The Competitive absorption total was negatively impacted by the loss of leased space in Landmark Towers, Park Square Court, and the Capital Professional Office Building, of which, the latter two are being converted to hotel or residential space.

Gross and Net Rental Rates

The quoted median gross rental rate for office space is the sum of the net rental rate and operating expenses, including property taxes. Net rental rates and operating expenses were provided by the building owners, managers, and leasing agents surveyed for this report.

Each building's rental rate applies to rentable square feet and represents the average listing rate for that property. Several factors impact the actual rental rate in a lease transaction, including location inside the building, improvements made, parking availability, lease term, credit, services, and more.

Average Gross Rental Rates for 2018
